Another week goes by in the 4B class!

We had a great week in 4B! The students enjoyed making sedimentary rocks in science, which they brought home this week. Next week we are looking forward to our class picture day!

Here's a little bit of what we are doing in class:

Language Arts: We are continuing our journey of reading Because of Winn Dixie. This was the first week that students were put in charge of completing the reading and completing their Lit. Circle job in preparation for our first Lit. Circle meeting. **Some students may need to bring their book home to finish reading over the weekend.**

Science: We have learned about Sedimentary and Igneous rocks and how they are formed. We did our quick quiz on both types of rocks this week. Next week, we will be learning about fossils and then our final type of rocks, Metamorphic rocks. **We will have our Metamorphic quiz on Thursday**, so look for duo tangs to come home next week to help students prepare the night before the quiz.

Math: We have continued our unit on place value. We looked at writing numbers different ways; in standard, expanded, and written form. We also looked at how much digits are worth in numbers depending on which place they are in (for example in 5672, the '6' is worth 600). Next week we will be looking at comparing numbers using the < , > and = symbols and then we will look at rounding numbers. We sure are flying through our unit!!

For your information

- **Picture Day** - Just a reminder that picture day is on **Monday, Sept. 28th**. Order forms were sent home last week and can be sent to school on Monday or completed online.

- **Typing** - We have spent just over a week going to the computer lab EVERY DAY to practice our typing skills. Today (on Seesaw) I sent home a reminder that students can use the same typing program at home. Log-in information can be found in their agenda book.
- When they are typing, make sure that their fingers are **always** on the home row and that they are looking at the screen, not down at their keys.

- **Being Outside** - Just a reminder that we are spending part of our day outside, whether that's for gym class or just to get a "mask break". It is really important that students are dressed to spend time outside. This may mean keeping a toque and thin mitts in their bag for those cool morning gym classes or having shorts in their bag when we head out in the afternoon and it feels like summer!!
