Welcome Families, to the 4B class!

It was SO great to touch base with all the families from our class last week at parent-teacher conferences!

Here's a little bit of what we are doing in class:

Science: We learned owls and their **adaptations** that help them to survive and thrive in their habitats. Next, we took a look at the **habitats** that different owls live in and the other **populations** of animals that help to make up each owls **community**.

Math: This week we got our addition unit underway as we began looking at our addition facts, beginning with the numbers that add to 10. We learned a couple of games to help reinforce this learning. We have also been working through our first strategy that will help build number sense as we add multi-digit numbers. See the back of the newsletter for an example of the **Break Apart** strategy.

Language Arts: We have finished reading the first two chapters of our next novel, The Dragonling. We will continue to read the novel in the coming weeks, but it looks to be a quick read!

Blessings,

Shauna Leferink <>

20. owls

Challenge Words

21. Remembrance
22. adaptations
23. habitat
24. community
25. population

Spelling Test
will be
Thursday,
November 19th

"Do not let any unwholesome talk come out of your mouths, but only what is helpful for building others up according to their needs, that it may benefit those who listen."

Ephesians 4:29

***** Students should be able to:**

1. recite the verse
2. know where the verse is found
3. know what the verse means

For your information

- **Koats for Kids:** Grade 5 is collecting gently used, clean coats, hats, mittens, and boots in kid sizes. The need in Winnipeg is greater than ever with financial strains and PE classes being held outside due to Covid. If you have an item to donate please send it to school in a plastic bag. There will be a collection bin in the hallway by the library for the entire month of November. Thanks so much!

- **Days OFF:** Remember that we will be off the next 3 Fridays: Friday, November 20th, November 27th, and December 4th.

- **Break Apart Strategy:**

$$1.) \quad 67 + 25$$

$$= \underline{60} + \underline{20} \quad \text{and} \quad \underline{7} + \underline{5}$$

1. Group the tens 2. Group the ones

$$= \underline{80} + \underline{12}$$

3. Add up tens 4. Add up ones

$$= \underline{92}$$

5. Combine
