Greetings Families!

We have finished our first full week of school and boy did we have fun!

## Highlights of the week

- Enjoying cookies during science class to discuss what makes a rock a rock.
- Mrs. Bennett beginning her inquiry investigation with the class.
- Getting down to the computer lab and trying out a few new programs (KidsPix and [typing.com](https://www.typing.com))

## COMING UP

**September 27th:** Picture Day

**September 29th:** Orange Shirt day

**September 30th:** Truth & Reconciliation Day (no school)

Blessings,

Shauna Leferink

2 Samuel  
1 Kings  
2 Kings  
1 Chronicles  
2 Chronicles  
Ezra  
Nehemiah  
Esther

Memory Verse

## For your information

-**SeeSaw:** Seesaw is up and running for the year. Please let me know if you are having trouble accessing it at all. I can re-send QR-codes to any families who need to reconnect with their child's journal. We will be uploading pictures, videos and work we're doing in 4B so that you can stay connected with what is happening in class. I will also be using SeeSaw to send home examples/reminders for homework and notes.

-**Typing.com** - We began our 21-days of typing in grade 4!! In order for our students to learn how to type (properly) we will be heading to the computer lab for a period a day, for 21 days. Students are able to practice typing at home! The username and password will be taped in their agenda book. Please encourage students to use proper finger positioning while practicing at home to help them avoid building bad habits that will slow them down in the long run.

-**Science Quizzes** - On Monday and Wednesday green science duotangs will be coming home for students to review what they have learned about Igneous rocks and Sedimentary rocks. Spend time in the evening reviewing with your child (some suggestions of what and how to review will be posted on SeeSaw).
