This is where you can find information for the week, such as which days you need gym clothes, hot lunch days, when forms are due, test dates, etc.

Welcome students and families to the 4B class!

This is the first official newsletter for the year, so it is going to be PACKED with information. Don't let the length of it detour you from reading it all, it basically breaks down all the things you "need to know" for the year. The newsletter will give you information such as when projects are due, the spelling words for the week, days that gym clothes are needed, and when library books are due. Check your email for a newsletter each **Friday** (it will also be posted on our class website AND Seesaw).

## Highlights of the week

- ✘ Getting to know new classmates and seeing our friends.
- ✘ Skittles math! There's nothing better than math that involves CANDY!!
- ✘ Going on a "rock walk" with the 4A class to find rocks for our new science unit.

We will share out three top highlights from the week so that you know what's happening in the class!

I always sign my name and include my email address and class website at the bottom of the first page.
