Highlights of the week

- Students finished their erosion paragraphs. Each student researched a different landform created by either wind, water, or ice erosion. Next week they will share what they learned with the class.
- This week we got to practice our spelling words in different ways by **rolling** our way through our spelling words. Students practiced writing them with their eyes closed, with their opposite hand, **BIG**, tiny, etc.

For your information

-Parent- Teacher: I have enjoyed meeting with each family over the last week. I have a few more meetings this coming week. It has been great to touch base and allow me the opportunity to gush about your wonderful children!

-Book Fair - The book fair is up and running all week. The students will have a chance to go through and make a "wish list". Please make a point of coming in to check out the Book Fair yourself. It's open after school on Monday, Thursday evening, and all day Friday.

*****Students may bring money to school to purchase items from the Book Fair, but ONLY if they have your permission to do so. Grade 4 has the opportunity to visit the book fair on Monday, at lunch. They may also bring money along to their Tuesday Library class.*****
